112.230 Information Regarding Abandoned Mine Land Reclamation Fee:

On July 27, 1994 the Office of Surface Mining found that the waste material located within the SCA Permit Area has no value and is not subject to reclamation fees. Correspondence relating to this matter is included in Appendix 1-1. OSM-1 to be filed.

112.300-330 Information Regarding "Owners" and "Controllers":

The Applicant, SCA, is a Utah joint venture. SCA holds the contracts, property, and permits for the project in its name. Because the joint venture is essentially a partnership between Sunnyside Holdings I, Inc. and Sunnyside II, L.P., SCA has no corporate information of its own. Therefore, the information required under regulation 112.300- 330 is provided for the joint venture partners, Sunnyside Holdings I, Inc. and Sunnyside II, L.P., and their parent or controlling corporations.

The information relevant to Sunnyside II, L.P. traces to the parentage of CP Sunnyside I, Inc, and the information relevant to Sunnyside Holdings I, Inc. traces to the parentage of Colmac Sunnyside, Inc. Figure 1-7 identifies the corporate organization chart and the corporate directors and officers of the parent companies to SCA . SCA contracts with several companies and individuals to provide services at the facility. The officers and directors of the entities identified in Figure 1-7 determine the manner in which SCA conducts coal mining and reclamation operations.

112.340-420 Further Information Regarding Owners and Controllers

Neither Sunnyside II, L.P., nor Sunnyside Holdings I, Inc., nor their owners or controllers, has owned or controlled a coal mining and reclamation operation in the United States within five years preceding the date of this application, nor do they have any interest in any pending coal mine operation permit applications, except for the following:

C/007/042 Star Point Waste Fuel, Wattis Utah.

112.500 Surface and Mineral Property

There are no legal or <u>equatable</u> owners of the surface or mineral property to be mined other than the Applicant. Additionally, there are no leasehold interests nor any purchasers of record under a real estate contract for the property to be mined except for the following:

Sunnyside Properties LLC., Utah limited liability company, holds fee title to a portion of SCA's permit property. SCA has a long term lease for this portion of the permit property.

112.600 Contiguous Property

The name and address of each owner of record of all property (surface and subsurface) contiguous to any part of the proposed permit area:

112.800 Applicants Interest in Contiguous Lands

Applicant holds a lease contiguous to the SCA Permit Area; specifically, SCA holds a lease on the 72.5 acres (directly north of the SCA Permit Area) upon which the cogeneration power plant is located. The area covered by SCA's leasehold interest is shown as "Lease Area" on Plate 1-1. In addition, SCA leases land from the City of East Carbon to the west of the Permit Area.

SCA also owns property adjacent to the current permit area along the south and west sides.

113 VIOLATION INFORMATION

113.100-250 Suspensions and Revocations

Neither the Applicant, nor any of its subsidiaries, affiliates, or persons controlled by or under common control with the Applicant 1) has had a federal or state mining permit suspended or revoked in the last five years, or 2) has forfeited a mining bond or similar security deposited in lieu of bond. Figure 1-4 includes documentation of recent OSM recommendations from the Applicant Violator System (AVS).

113.300 Violations and Unabated Cessation Orders

Sunnyside Cogeneration Associates received no notices of violation from the Utah Division of Oil, Gas and Mining (DOGM) within the three five year period prior to the application for Permit Renewal. Information regarding these violations is described below:

There have been no any unabated cessation orders or unabated air and water quality violation notices received by any coal mining and reclamation operation owned or controlled by either the Applicant or by any person who owns or controls the Applicant.

113.310 Violation Information

None

114 RIGHT-OF-ENTRY INFORMATION

114.100 Description of Legal Documents

Sunnyside Fuel Corporation (a predecessor-in-interest to SCA) obtained fee title to the SCA Permit Area (and thus the legal right to enter and begin activities) pursuant to a Deed, Assignment, and Bill of Sale between Kaiser Fuel Corporation (a predecessor-in-interest to the prior permittee Sunnyside Coal Company) as Grantor, and Sunnyside Fuel Corporation, as Grantee, dated December 28, 1987, recorded December 29, 1987 at Book 277 of Record, Pages 679-690 at Carbon County, Utah. Sunnyside Fuel Corporation transferred its rights under the Deed, Assignment and Bill of Sale to the Applicant on or about April 1, 1991. Applicant's right-of-entry is not the subject of any pending litigation. The legal description of the lands affected (*i.e.*, the SCA Permit Area) is set forth above at R645-303-322.

114.200-230 Private Mineral Estate

These sections do not apply because the private mineral estate has not been severed from the private surface estate.

115 STATUS OF UNSUITABILITY CLAIMS

115.100 Unsuitable Areas

The SCA Permit Area is not within an area designated unsuitable for coal mining and reclamation operations or is within an area under study for designation in an administrative proceeding under R645-103-300, R645-103-400, or 30 CFR Part 769.

115.200 Exemptions

This section is not applicable because Applicant does not claim the exemption described in R645-103-333.

115.300 Public Roads

This section does not apply because Applicant does not propose to conduct coal mining and reclamation operations within three hundred feet of an occupied dwelling or within 100 feet of a public road.

116 PERMIT TERM

116.100 Start and Termination Dates

A waste disposal facility, which will comprise a portion of a coal mine waste fired electric power plant, is located adjacent to the SCA Permit Area and has been operational since 1993. Figure 1-6 includes documentation of recent permit term approvals. The refuse pile located in the SCA Permit Area is being reclaimed over an approximate 30-year period by burning it in the adjacent facility.

116.200-220 Term in Excess of Five Years

These sections do not apply because Applicant does not require an initial permit term in excess of five years in order to obtain necessary financing for equipment and the opening of the operation.

117 INSURANCE

117.100 Liability Insurance

A copy of the certificate of liability insurance is attached at Figure 1-1 hereto.

117.200 Proof of Publication

A newspaper advertisement, Figure 1-2, has been published in the "Sun Advocate", "The Salt Lake Tribune" and "The Descret News" for four (4) weeks following the determination of completeness. Proof of publication of the newspaper advertisements is given in Figure 1-3.
